

The Soil Miracle Worker –

Compost

Have you tried Texas gardening and given up?

There is a simple secret to success.

To make our native clay soil seed and plant-friendly, add organic material.

This will hold moisture and release the nutrients. Compost is a FREE solution which can be made in every backyard from items we normally consider waste: yard trimmings and leaves.

Join us Thursday, Sept. 26 at 7:00 in Founders Hall to hear Plano's Compost Education Coordinator explain the process.

There will be a garden-side demonstration as well.

Invite your neighbors and friends!

Sponsored by the Community Harvest Gardeners.

RSVP to Deb Bliss at plano.bliss@verizon.net

Date: **Sept. 26, 2013**

Time: **7p.m. – 9p.m.**

Place: **Founders Hall, Community UU Church,
