

Safe Congregations Committee Annual Report

The Mission of the Safe Congregations Committee is to develop a comprehensive program to protect the health of the congregation and ministry of Community Unitarian Universalist Church of Plano, with special attention to the protection of children and youth.

The committee's current focus is as follows:

- Creating a policy related to monitoring and determining an acceptable level of background mold in the building
- Initiating a conversation with the congregation related to our response to the Texas Open Carry Law
- Researching a program related to Sexually Safer Congregations
- Reviewing the existing application forms for staff and volunteer applicants to ensure their compatibility with current church policy
