

## **THE NEXT STEPS WEEKEND**

### **January 25 - 27, 2019**

We are looking forward to a special weekend on January 25-27 with Stewardship for Us (SforUs), a UU-affiliated consulting team. At the request of CUUC's Board of Trustees, SforUs consultant Liz Coit will be joining us to explore ways to advance our goals and aspirations toward strong and sustainable stewardship.

Stewardship for Us created the Next Steps Weekend to provide UU churches and fellowships with a constructive foundation of reflection, information, and strategies as they plan and forge ahead with stewardship programs and other means of growing their resources.

Many of us will be involved! Liz is learning about us through documents; and will also be speaking with Board members, our committees, and individuals members. Some of her time will also be devoted working directly with the board and others to prepare for the next Annual Budget Drive. She will share her findings, recommendations, ideas, as well as perspectives on other congregations' challenges and efforts on Sunday, January 27. She will submit a written report for the Board to share with the congregation after the Next Steps Weekend.

If you are on the Membership, Worship and Ministry, Social Action, Buildings and Grounds, Music, adult and youth religious education, and Leadership Development Committees, please plan on participating in 45-50 minute meetings at different times during Friday afternoon, January 25 and the morning of Saturday, January 26. There will also be an appreciation luncheon on Saturday to which the congregation is invited. We will celebrate longtime members and recognize the work everyone has been doing this year.

Please RSVP to [President@communityuuchurch.org](mailto:President@communityuuchurch.org) so we know how much food we need.

Thank you all for sharing your insights, perspectives, and ideas.
